

BOSS 136 FIRE AND SMOKE SEALANT

For pricing and additional information please contact us at 1-800-3341-0541.

BOSS 136, is a single component fire-rated sealant for through-penetration fire stop systems. **BOSS 136** will intumesce when heated, forming an insulated char. In the event of fire, **BOSS 136** will prevent the spread of fire, smoke, and gas through penetration openings. It is formulated with noncombustible inorganic materials, therefore **BOSS 136** will not create toxic gas or smoke when

Use BOSS 136 for assorted penetrations such as:

- Semi & Rigid Conduits
- Communications cable protection
- Spaces in concrete or steel
- Fire alarm/ protection systems
- Fire door surrounds
- Fire proofed dry-wall surrounds
- And many more large or small applications
